Avocats / Rechtsanwälte

EBA Endrös-Baum Associés deals with the questions, plans, problems, projects and visions of international enterprises and companies with interests in France, providing services in a prompt, efficient, purposeful and pragmatic manner, at a reasonable cost. The Franco-German firm intervenes, both as a consultancy and as a litigation firm, in the practice areas of industrial risk, plant construction, industrial product liability and safety, and the related insurance law. Its clients are international industrial groups as well as international insurance companies.

International companies operating in cross-border business between French, German and English speaking countries often encounter communication difficulties. These may arise from language differences, different cultures or sometimes from substantial differences in law.

EBA Endrös-Baum Associés and its trilingual partners, Dr. Florian Endrös, Marguerite de

Vaublanc, Myriam Bennaïm, Muriel Mazaud, and Céline Lustin-Le Core, not only offer their clients detailed knowledge of the French legal system, but also the understanding of linguistic and cultural differences necessary for efficient dealings and well-organised international negotiations with cross border counterparts. This applies also to intra-company communication between parent and subsidiary.

Practice areas

EBA Endrös-Baum Associés gives advice and assistance in the field of supply contracts, construction law and plant construction, and provides contract coordination as well as claim handling, from the stage of entering into contracts with public or private clients, through to subcontracts, including questions of insurance and liability. This enables the client to conduct business transactions and legal proceedings as free of legal risks as possible or in full knowledge of the risks involved.

The firm also gives advice on reinsurance and related cross border insurance problems, particularly in cases where the local insurance coverage is linked to a master or umbrella policy stipulating a governing law different from the one applicable to the local policy.

EBA Endrös-Baum Associés has longstanding experience in expertise proceedings involving French court-appointed experts and European party-appointed experts. The firm works at the interfaces between law and technology, language and culture, offering its clients assistance in several languages as well as prompt local assistance.

EBA Endrös-Baum Associés cooperates closely with commercial law firms all over Europe, mainly in German, French and English, but also in Danish, Russian, Portuguese and Hebrew.
