EBA Endrös-Baum Associés deals with the questions, problems, projects and visions of international companies with interests in France and in Germany, providing services in a prompt, efficient, purposeful and pragmatic manner, at reasonable costs. Our Franco-German based firm intervenes both as a counselling and litigation firm before French and German jurisdictions as well as before the ICC and other Arbitrations Courts, in the practice areas of industrial risk, plant construction, industrial product liability and safety, health products (pharmaceutical products and medical devices), and the related insurance law.

International companies operating in cross-border business between French, German and English speaking countries often encounter legal and communication difficulties. These may arise from linguistic or cultural differences, or sometimes from substantial differences in law. Detailed knowledge of the foreign legal system and an understanding of linguistic and cultural differences are necessary for efficient dealings with cross border counterparts. This applies also to intra-company communication between parent and subsidiary.

The firm initially based in Paris has developed a strong team based in Munich. Interview with

### FLORIAN ENDRÖS Founding Partner, EBA ENDRÖS-BAUM ASSOCIÉS

#### Leaders League. EBA Endrös-+ Associés is a Franco-German law firm. Where does this union originate from?

The firm was initially created in 1997, its Franco-German orientation being a natural consequence of the fact that I had a double university degree from France and Germany and practiced as a lawyer admitted in both countries.

As a German national, I deliberately chose France, and more particularly Paris, as a location for the firm, this choice reflecting my commitment to the European idea.

I was one of the first Erasmus students, which explains my strongly-marked European orientation and my motivation to contribute to the communication between the various legal systems. Later, in 2007, I initiated a spin-off from the initial firm, thus creating, together with three partners, Muriel Mazaud, Marguerite de Vaublanc and Myriam Bennaim, the firm in its current form, with the purpose of modernising it and turning it into a resolutely consistent, agile and responsive international structure.

Since 2007, and in order to underline the cross-border competence of our firm, Céline Lustin-Le Core reinforces our team as a bilingual partner in Paris.

Anke Sprengel is qualified to practice under German and French law and became a partner

in 2018. She is in charge of litigation before German Courts and is currently developing this activity in Germany with the aim of enlarging the German litigation team. Furthermore she also supports the team in Paris regarding litigation before French Courts

#### On which areas has the firm based its growth?

Our firm is dedicated to industry, its practice areas covering all aspects related to this field, such as product safety and liability, construction of energy plants, contract negotiation and management of contractual risks, insurance law, particularly dealing with cross-border issues.

#### Could you describe your client base?

Our clients are international or national industrial groups and insurance companies with interests in France and Germany. We assist our clients on issues such as contract negotiations or regulatory questions, as well as in litigation matters, notably appraisal proceedings and support them to conduct business transactions and legal proceedings as free of legal risks as possible or in full knowledge of the risks involved.

## How does the firm address its clients' needs in the context of globalisation?

The challenges of globalisation have accelerated the firm's modernisation process, particularly with respect to organisational and IT management and data protection. We constantly strive to optimise our working practices within different linguistic contexts (French, German, English, i.a.), while pursuing our efforts to facilitate our clients' comprehension, foster communication and advance negotiations. Due to this constant commitment, we have been able to obtain multiple awards, notably in the category "cross-border", becoming more and more international.

Is an intercultural approach a key factor in the way you distinguish your firm's services? A lawyer's activity is, in a way, concentrated on a strictly national framework, considering that they are of course required to have thorough knowledge of his national law in order to be able to advise his clients from abroad. However, assisting clients from foreign countries also consists in offering them a comprehension of the differences between their own legal system and the French one, anticipating their expectations and working approaches, which can be quite different from what one is used to encounter within a French or German context.

It is therefore essential for a law firm seeking to establish itself and expand internationally to not only bank on legal know-how but also on communication and responsiveness.

## What is your vision of the evolution of your activity?

For several years now, we have been witnessing the gradual de-industrialisation in France and the glaring lack of investment in industrial enterprises with high potential, which would be worth investing in.

Despite these unfavourable conditions, we can pride ourselves in working with French and European industrial groups asserting themselves on the French market and exporting their success in Europe, as well as with European groups resisting the negative trend and increasing their activity in France.

We work in very a specific area, in which our clients' needs are multifaceted and subject to permanent changes. Also, our clientele has less and less time to delve into the cases in detail, yet each and every one of their decisions has to be intelligible, documented, and above all auditable. Thus, it is important that our clients have the possibility to be permanently informed.

Anticipating the new constraints of our clients, that is, the requirement and need for immediate communication in today's rapidly changing working world, is part of the innovative culture of EBA. Next to our Paris office, we have substantially developed our office in Munich with a highly skilled and experienced team around Marguerite de Vaublanc, in order to allow French companies to increase their activity in Germany and to face complex litigation. In addition, we have created a branch office in Marseille, extending our activity to the South of France.

While remaining committed to the European idea and consolidating its established networks and partnerships, notably in Italy and Eastern Europe, our firm is also exploring new horizons, seeking to establish new network partnerships in order to be able to offer our clients worldwide turn-key services. •
