EBA Endrös-Baum Associés

EBA | **Endrös-Baum Associés**
Avocats / Rechtsanwälte

EBA Endrös-Baum Associés is renowned for its extensive expertise in handling complex industrial cross-border matters, all over Europe and especially towards German-speaking countries. It accompanies international insurers and companies from various industrial sectors, namely automobile industry, health sector, medical devices, solar industry, power plants etc.

The dynamic team includes six partners Dr. Florian Endrös, Marguerite de Vaublanc, Myriam Bennaim, Muriel Mazaud, Céline Lustin-Le Core and Tim Jakobs, who manage the two offices in Paris and Munich. The team assists its clients in French, German, English, Danish, Portuguese, Hebrew and Turkish. Each member of the dynamic multilingual team has acquired a specific international expertise in the field of product liability and industrial risk, allowing them to constantly innovate and provide its clients with the most efficient solutions.

At the interface between law and science, product liability cases almost systematically involve an expertise proceeding, which takes place prior to the main proceeding on the merits. Each member of the team is accustomed to this specific type of proceedings, which involve going beyond pure legal thinking, and instead combining it with a scientific, technical approach. In this regard, EBA has, over the years, established a significant network of experts in diverse industrial fields.

EBA Endrös Baum Associés is further perfectly aware that its multinational clients are facing, on a daily basis, legal and communication difficulties in cross-border businesses, and it has therefore made it a priority to accompany and guide them through all stages of the relevant proceedings. The team takes special care to ensure that all the clients are fully informed about the progress of their matter, that they are aware of the potential risks, and to expose them all different options and strategies. The team's understanding of each

client's specific needs reflects in its ability to tailor its services to each one of them.

EBA Endrös Baum Associés's main strength resides in its capacity to constantly think outside the box. To this end, the team consistently advises on matters that deal with differing legal systems and requirements – and this helps to develop the creativity of each team member when it comes to arriving at an appropriate solution.

EBA Endrös Baum Associés is perfectly aware that, nowadays, legal services have become more and more automated, and that its clients are more and more under constant time pressure. However, instead of choosing to rely on standard forms, the team's aim is while embracing new technological means to remain a firm that offers a tailored service to each client – without losing sight of its specific needs.
